Hi Paul,

We are currently consulting with the Seneca Nation. They have been provided with a copy of the draft permit and we had an informational call to discuss your project. We are waiting for their written comments before we advertise the draft permit for public comment. I am not sure of the time line since this is a new process for us. Please let us know if you have any additional questions. Hope all is well.

Dave

Hi Dave,  
How is the permit going?  
Have you started the public notice period?

Thanks Dave,

Paul
